Section 7

31. Were all the sections of the questionnaire clear and did you understand what you needed to do in each section?			
Yes:		75.0%	3
No:		25.0%	1

32. If you answered "No" to the question above, could you please indicate which section was unclear and why?

The 'odd one out' section was extremely difficult to understand. What is meant by 'higher' or 'lower'. seems very ambiguous. Also it is pretty poor that when I skipped ahead to this page in order to see how many questions there were, it would not let me go back to finish the questionnaire.

33. How would describe the level of language used in this questionnaire in relation to your knowledge of the target language?

Just right:		50.0%	2
Too easy:		0.0%	0
Too hard:		50.0%	2

34. Did you find the exercises in this questionnaire useful for your studies?

Yes:		50.0%	2
No:		50.0%	2

35. Which section did you find the most useful and why?

- There are too many responses to display on this page and so all the responses to this question are available on a separate page.

36. Which section did you find the least useful and why?

- There are too many responses to display on this page and so all the responses to this question are available on a separate page.
